SKY-TECH GLAZING SYSTEMS CAN HELP YOU BRING YOUR NEXT PROJECT TO LIFE WITH OUR MANY PRODUCTS, LIKE OUR RETRACTABLE SKYLIGHTS. WITH ONE TOUCH OF A BUTTON YOU CAN BE ENJOYING THE BEAUTY OF THE OUT DOORS WHILE IN THE PRIVACY OF YOUR HOME. BY INCLOSING AN EXISTING ATRIUM, YOU CAN ADD USABLE SQUARE FOOTAGE TO YOUR BUILDING. FOR THOSE PROJECTS, YOU WOULD LIKE TO ACCESS THE ROOF SO YOU CAN INSTALL A RETRACTABLE SKYLIGHT OVER THE STAIRS. IF YOU HAVE HEIGHT REQUIREMENT WE CAN HELP YOU WITH THOSE ISSUES. YOU CAN OPEN YOUR SKYLIGHT AND ALLOW TRAPPED HEAT TO EXIT THE BUILDING; ON HOT DAYS OPEN YOUR SKYLIGHT AS YOU ARE STARTING TO COOL DOWN YOUR BUILDING, AND INSTEAD OF COOLING DOWN THE HOT AIR IT WILL BE FORCED OUT THROUGH THE SKYLIGHT. THEN CLOSE YOUR SKYLIGHT AND THIS WILL CUT DOWN ON YOUR AIR CONDITIONING USAGE. ALL SKY-TECH RETRACTABLE SKYLIGHTS COME WITH RAIN SENSOR. SKY-TECH ELECTRONIC SYSTEM CAN ACCOMMODATE HUMIDITY, SMOKE, CO₂ AND TEMPERATURE SENSORS OR TIE IN TO A HOME CONTROL SYSTEM.

GLAZING:

SKY-TECH CAN OFFER YOU A WIDE CHOICE OF GLAZING MATERIALS, SUCH AS, HIGH PERFORMANCE GLASS, ACRYLICS, POLYCARBONATES AND THERMOCLEAR;OR FRAME ONLY SO THAT YOU MAY SUPPLY YOUR OWN GLAZING.

FINISHES:

WE CAN OFFER A WIDE RANGE OF ALUMINIUM FINISHES; MILL ALUMINIUM, KYNAR 500, DURANAR, POWDER COATING, ANODIZED, AND COPPER CLAD.
